This warranty does not cover any labor cost associated with the installation of replacement products or components if VELUX chooses not to repair the product. The providing of replacement products or components shall not extend the original warranty period. VELUX reserves the right to provide a similar replacement product or component if the original version is no longer available at the time of the complaint.

This warranty will only apply if the product is finished, installed and operated in accordance with VELUX instructions. This warranty does not cover the repair or replacement of products damaged as a result of accident, including but not limited to accidental glass breakage, problems due to water penetration not resulting from default in a VELUX product, abuse, misuse, faulty building construction or design, improper or insufficient handling, applications in areas of high humidity, areas without proper or adequate ventilation or humidity control, acts of God, products subjected to conditions outside their design limitations, minor imperfections in glass that do not affect the product in performance or obscure vision; minor variations in glass color; damage caused by corrosive environmental factors including acid rain, variations in wood grain or color; wood rot due to improper maintenance or installation. Condensation on roof windows and skylights and any related water damage, which may occur as a natural result of humidity within a building or a variation between indoor/outdoor temperatures, is not a defect and will not be covered by this warranty.
